

Career Opportunities

AcuTech Consulting Group is a premier provider of process safety and risk management services since 1994. We are expanding our global operations and seeking highly qualified PSM and security managers, engineers and contract consultants for positions in our Houston (TX), San Francisco (CA), Philadelphia (PA), Vienna (VA), Shanghai (CN), Mumbai (India) and Dubai (UAE) offices, and at other US and international project locations. Virtual offices considered. Join our highly respected team of experts and contribute to noteworthy projects for many of the world's largest corporations.

AcuTech is a highly successful and rapidly growing process safety and security risk management company. As a global company providing consulting, training and technologies to the industry, governments and other stakeholders, our mission is to identify, evaluate and assist clients to better management of risks in order to continually improve their safety, security, health, environmental, and operational performance. Please see our website at www.acutech-consulting.com for more information.

AcuTech is presently engaged in major projects in the process industries conducting process safety and security risk assessments, developing process safety and security management systems, conducting audits, and assisting in the continuous improvement of chemical safety and security on a global scale. To meet our current project demands and grow our business for the future, we are looking for ambitious and capable candidates to fill consulting positions in all of our locations. These positions offer an excellent opportunity for personal and professional growth. AcuTech is a well established, successful, and employee-owned company that offers full time employees competitive salary based on experience and position, bonus and benefits. AcuTech is an equal opportunity employer. Please email resume, salary history and preferred office location to our recruiting manager at recruiting@acutech-consulting.com.
