

# Career Opportunities

AcuTech Consulting Group, a premier provider of process safety and risk management services since 1994, is expanding worldwide and seeking highly qualified PSM managers and consultants for positions globally. Virtual locations considered. Join our highly respected team of experts on higher level projects for many of the world's largest corporations on meaningful and challenging process safety and risk management assignments.

AcuTech is a highly successful and rapidly growing process security and safety risk management company. As a global company providing consulting, training and technologies to the public and private sectors, our mission is to identify, evaluate and assist in the management of risks in order to continually improve safety, security, health, environmental, and operational performance of our clients.

AcuTech is presently engaged in major projects in the process industries conducting process safety and security risk assessments, developing process safety and security management systems, conducting audits, and assisting in the continuous improvement of chemical safety and security on a global scale. To meet our current project demands and grow our business for the future, we are looking for ambitious and capable candidates to fill consulting positions in all our locations. These positions offer an excellent opportunity for personal and professional growth. AcuTech is a well established, successful company that offers full time employees competitive salary based on experience and position, bonus and benefits. AcuTech is an equal opportunity employer. Please email resume, salary history and preferred office location to our recruiting manager at [recruiting@acutech-consulting.com](mailto:recruiting@acutech-consulting.com) or apply via [LinkedIn](#).
